Appointment of a qualified person to represent the town is under consideration by Council.

Town Council has also requested consideration of two representatives from Drayton Valley by the School Division. Feeling of Council members was that the pupil population of the community warranted additional representation.

Petition Seeks Council Action on Rest Room

The problem of public washroom facilities was raised again at last Thursday's meeting of Town Council when Mrs. H. Hammerlindl presented a petition signed by residents requesting such facility.

The subject was discussed at some length by Town Council in regard to cost, location and maintenance.

It was suggested by Council members that the Retail Merchants Association and the Chamber of Commerce should also be involved in reaching a decision and it was decided to contact both associations to hold a general meeting to discuss the matter in detail.

Date of the meeting has not yet been established.

also to recommend Drayton Valley as the centre of the region.

An application by Emil Buckholtz of Edmonton for development of a subdivision on Block 53, Plan 1296 NY was approved by Council subject to subdivision and planning regulations. Mr. Buckholtz was also to be advised that the development could not be serviced with water and sewer from the town system.

COUNCIL BRIEFS

He stated that "even the Provincial Government does not issue business licenses for piano tuners", and this will be checked out by the Secretary-Treasurer before the next meeting.

Following discussion of License Bylaw No. 422, Council agreed in principle and the bylaw given second reading. The Finance and Bylaws Committee is meeting this week to study the bylaw in detail and recommend changes where required.

Council approved a request by the Drayton Valley Lions Club for the installation of speakers in the business area of the town for the purpose of broadcasting Christmas music.

Sections of the Health Act Proposal Bill 87 were discussed by Council members in relation to proposed boundaries of Health Services regions. All members agreed that the Stony Plain-Edson proposal was not in the best interests of the Town of Drayton Valley and area.

Remembrance Service Held at Warburg

The 1968 Remembrance Day was fittingly observed in Warburg as a capacity crowd gathered at the Warburg Community Hall.

The veterans and Legion ladies auxiliary, Brownies and Girl Guides formed up in front of the Legion hall and paraded to the community hall.

The service was under the chairmanship of Comrade M. Hooks, president of the Royal Canadian Legion. The service was opened by singing O'Canada and the welcome address by Councilman D. Weiss. At 11 a.m. the solemn notes of the "Last Post" which was played by Miss Marion Rose, brought the audience to their feet for two minutes silence in respect for our fallen comrades. This was followed by "Reveille", and the singing of "Onward Christian Soldiers".

Escorted by two Legion members, Mrs. Mary LeHay, who lost her husband a year ago, laid a memorial cross at the altar of sacrifice. A prayer was then offered by Father Blanche after which the Warburg Glee Club, under the direction of Mrs. Bur-

nett, sang two hymns "Flanders Fields" and "Soldier's Rest".

Father Blanche gave the address and read a passage from the scripture.

Coffee and donuts were served by the Legion ladies auxiliary.

In the afternoon at 2:00 o'clock, the Legion auxiliary served their annual turkey dinner to a capacity crowd.

EDITORIAL COMMENT

The "Name the County" contest, now in its final stages, appears to have caught the interest of residents of all parts of the newly-created county. A great many suggestions have been submitted and the judges' decision is expected either this week or next.

Apparently running at the top of the popular poll are the names Yellowhead County and County of Two Rivers. Of the two it seems the latter is the most appropriate for the new unit which is bounded on two sides by the North Saskatchewan and Pembina Rivers.

We can't see much justification for the Yellowhead name with the namesake highway touching only the northern portion of the county. Neither can we understand the usual practice of naming counties or municipalities after a community within their boundaries.

Geographical or historical features, should in our opinion, be given first consideration and "County of Two Rivers" appears the best we've heard to this point.

WEEKLY VIEWPOINT

A series of brief meditations for the readers of The Western Review prepared by the clergy of the Drayton Valley Ministerial Association

Knowledge or Knowledge?

BY REV. OWEN ISAACSON

Knowledge is on the increase today as never before in the history of mankind. In the last few decades, man has acquired more knowledge than he has ever before possessed, and today the quest is continuing at an enormous pace. We can see this on every hand. There is an increasing emphasis on formal education and the colleges and universities of the land are scarcely able to provide the needed facilities for the increased enrollment. This formal education is becoming increasingly important in our commercial world. Indeed, the man lacking formal education finds himself increasingly in the lower stratum of our society's income bracket.

With this increased emphasis (which will continually be greater) on the formal acquisition of knowledge, there is a tendency to overlook the fact that books, professors, (etc.), are not the only source of knowledge. There are basically two sources which are inter-related, yet different.

This writer had heard a justified criticism by uneducated men regarding the educated, "They have it up in the head, but cannot do anything with it." This is undoubtedly true in some cases and is saddening to see. The educated may possess knowledge and not possess knowledge. There is a knowledge acquired through experience, and many times the experienced man is the most valuable.

uable.

This differentiation can and must also be made in the area of the knowledge of God. There is knowledge of God which is the result of the acquisition of objective truth, which we find in the Bible. Through this type of knowledge we can gain an understanding about God. For instance, we learn that He is holy, just, loving, forgiving, (etc.). We learn that He is Spirit and a distinct personality. In fact, an elaborate list may be drawn up, stating things which we learn objectively, through His word. This knowledge finds its basis in the facts, but yet transcends factual knowledge. One may know that the holy and just God is loving and forgiving, and yet never experience that love and forgiveness. This experiential knowledge is acquired only by faith or simple trust in Christ's all sufficient sacrifice.

In the realm of the secular world, knowledge without knowledge is not too critical, but in the realm of the spiritual, it is deadly. Let us be possessors of that complete knowledge of God.

The Ministers conducting the Service, Pastor D. Mohr, Rev. E. Martin, and Father E. Lynch; the organist Mrs. Irene Braybrook; St. Anthony's Church for loaning the organ; Mr. J. Serenas for donating the Cardium Theatre for this occasion. The representatives at the Wreath Laying Ceremony; Mrs. W. Dunham, representing the Canadian Mothers; Mr. Ted Oscar, representing the Alberta Government; Mayor Dr. H. Shimabashi, representing the Town of Drayton Valley; and Mr. Elliot representing the Stony Plain School Division. The Western Review Editor Mr. Ron Smith and Staff for printing the programs at such short notice.

Another big thank you to the Drayton Valley Air Cadet Squadron for their wonderful help with the Poppy Campaign.

The Legion sincerely thanks you all.

Yours Fraternally,
Patrick E. Turner
1st Vice-Pres.

To Those Interested:

Some are asking what came of the petition circulated around town regarding a Restroom for the women of Drayton Valley and the surrounding district. There were approximately four hundred and fifty (450) signatures on the petition. It has been presented to the Drayton Valley Town Council. If you wish a Restroom in town voice your desire to the Town Councillors and Mayor; the Retail Merchants' Association; the Chamber of Commerce and the business men of the town. Surely you would like to see this restroom a reality, not a project for some further date.

Sincerely,
W. Hammerlindl

Annual Meeting of Warburg Seed Co-op Next Wednesday

The annual meeting of the Warburg Seed Cleaning Co-op will be held at 2:00 p.m. on Wednesday, November 27th in the Warburg Legion Hall.

The Seed Cleaning Co-op is now four years old with the plant built in 1964 when area farmers realized that fanning mills were inadequate.

Farmers donated their time to sell shares at \$50.00 each to get enough money together to start the project. The Government and the County each put up one-third of the cost of building the plant.

Due to crop failures and farmers not taking advantage of the

facilities available, the first year of operation for the seed plant was not too successful. Even so, 113,242 bushels of grain were cleaned that first year. This has increased yearly, and as of July, 1968, 626,346 bushels were cleaned. This includes grain cleaning for seed, dockage and separation (i.e. grain and rape, as well as rye and flax). It is hoped that from July 1, 1968, to July 1, 1969, the plant will reach a total of 300,000 bushels. Total grain treated to July 1, 1968 amounts to approximately 200,000 bushels.

Gilbert Connelly was the first manager of the plant and has been succeeded by Ben Grohn as manager.

The manager points out that very little profit comes from cleaning and treating due to the high cost of repairs and improvements, however, a profit is made from the sale of grain, grass seed tarps, herbicides, masks and so forth. Many farmers are not aware that the seed plant exists, however grain has come from places such as Warburg, Thorsby, Leduc, Westeros, Telfordville, Buck Lake, Buck Creek, Winfield, Yeoford, Drayton Valley, Lodgepole, Entwistle, Evansburg and Stony Plain.

Many farmers who are not shareholders are not aware that they have the same privileges as do the members. The only difference is that non members pay an additional 2¢ per bushel more. This is set aside towards a fifty dollar membership share.

The plant was built to give the best and most efficient service possible and is there for every farmer's use. Members and non-members alike are invited to attend the annual meeting.

Rebels Enjoy Successful Series Exhibition Games

The D.V. Rebels hockey team concluded a successful exhibition game series winning three and losing one. Their latest victory against Stony Plain last Saturday night turned out to be a great game. The Rebels won it 8-7. Rod Colbert scored the winning goal with only 13 seconds left in the game.

The D.V. fans were able to witness an exciting game with plenty of scoring and a come-from-behind victory. This is a good indication that there will be plenty of action when the league swings into action on Tuesday 19th of November when the Rebels host Camrose at 8:30.

Barry Ness had a great night scoring a hat trick and two assists. Stony Plain got off to a fast start and scored five goals in the first period whereas the Rebels replied with three. Al Hopfe showed great determination when he dug the puck out of a corner and worked his way to the front of the net to score while the Rebels were short handed. Barry Ness scored the other two goals.

The Rebels regained their confidence in the second period and closed the gap 6-5 as Barry Ness scored his third goal and Frank Novasel his first. Stony Plain picked up a goal in the latter stage to close out the scoring in that period.

Stony Plain went ahead 7-5 in the third period when they scored when Drayton Valley was short-handed.

The Rebels started their comeback at the 14:28 mark with Dan Davie scoring on a sharp angle backhanded. Don Borne brought

the fans to their feet when he scored the equalizer on a deflection. Rod Colbert climaxed the comeback when he drilled a hard screen shot from the point at the 19:47 mark.

Volleyball Final Held

Ardrossan High School Boys' Volleyball Team and the girls' team from Fort Saskatchewan have qualified to compete in the Provincial Volleyball Finals. They earned this right by winning the North Central Zone Championship at Fort Saskatchewan on Saturday, November 16th.

Ardrossan won the 'A' Section of the boys' tournament by defeating Sangudo, Bon Accord and Drayton Valley. Meanwhile St. Albert boys were winning 'B' Section as they out-pointed St. Mary's from Westlock, Edson and Athabasca. In the finals Ardrossan took out St. Albert in straight games.

In girls' play Fort Saskatchewan had to defeat Onoway, Thorhild and Drayton Valley to win Section 'A'. Paul Kane emerged victorious in Section 'B' after outplaying Bon Accord, Edson and Rochester.

The stage is now set for the 'B' schools Provincial Finals which will be hosted by the North Central Zone at Victoria Composite in Edmonton, November 23rd.

Bake Sale

At the meeting of the Hospital Auxilliary last Thursday it was decided to hold the Christmas bake sale at the Bay on Tuesday, December 10th at 2:00 p.m. Would all members please bring or send two articles of baking. Tickets are now on sale for the Candy Wreath Raffle and the draw will be made at the bake sale.

from a Canadian funeral, so I thought the readers might like to hear about it.

As a rule, only the bereaved family attends the funeral with a minister giving a sermon. Since Tom's aunt was very well known for her good works with less fortunate people, many friends and neighbours attended her funeral. Each organization which attended had a representative who, while still in the church, paid a tribute to the departed aunt and then placed flowers on the casket.

At the cemetery, the mourners filed by and all dropped flowers onto the casket in the open grave.

A cemetery in Sweden is beautifully kept by paid caretakers.

Minor Hockey Season Now in Full Swing

This is the last week that all Minor Hockey Leagues and teams at the Mite, Pee Wee and Bantam levels swing into action in their respective league schedules for the 1968-69 season. The Bantams got underway Monday evening with a game between the D.V. Elks and the Tomahawk Totems. The Mite and Pee Wee seasons open on Wednesday evening.

On Monday the Elks and the Totems took up their rivalry where they left off last March as they played to a 4-4 tie in a well played and keenly contested game. After a scoreless first period Glen Swanlund scored for the Elks at 8:40 of the second session. Darrell Reich evened the score for the Tomahawk team and late in the period Garry Smith made it 2-1 for the Elks. The Elks got two from Lindsay Machan and Xavier Coppens in the third period while the Totems got goals from Pat McKay with two

and Elmer Zander to tie it up.

On Wednesday evening November 20th in the Mite division J & A Trucking takes on Swanees and Flint meets Hi-West in the opening games. Friday's games will feature A.M. Plumbing and Hi-West in one contest and Swanees will take on Flint in the other game.

At the Pee Wee level, Lions meet Rotary on Wednesday evening. Friday will see the Burrows Motors Seals play Tomahawk and Saturday's game brings the Lions and Tomahawk together.

The Drayton Valley Midget hockey team, the Clippers sponsored by Rose Well Servicing will be playing in the Hi-Way 16 West Midget Hockey League this winter. Their schedule will start around December 1st with teams from Wabamun, Onoway, Stony Plain and Spruce Grove likely taking part. In one exhibition game to date the Clippers played Onoway, losing by a 4-2 score.

D. V. Highlights

BY MRS. EDITH DEBY

Mrs. A. Davey spent a weekend with her sister, Mrs. Liddell, at Ponoka recently.

Did you hear about the farmer who said "This is the land of plenty all right - plenty of taxes, plenty of government control and plenty of government expenditures".

Welcome to Mr. and Mrs. John Allen, Michelle and Kristan, of Fort Worth, Texas, who arrived last week to make their home here. Mr. Allen is with Pan American.

It is good to hear that Mrs. J. Manson, the former Jeannine Beland, is recovering from a re-

cent serious illness.

Other newcomers to our community are: Mr. and Mrs. Ronald St. Jean, Miss Cecille Gobiell, Mr. and Mrs. L. Hauser and Mr. and Mrs. Cowan. Welcome folks.

We hear that Mr. and Mrs. Francois Beland enjoy living at the coast. Mr. and Mrs. Harold Smithinsky won top honors at the last whist party at Dunington and Miss MacKenzie and Mr. Brennan were those needing consolation.

Mr and Mrs. A. Fawcett, of Calgary, spent the long weekend with Mrs. Fawcett's parents Mr. and Mrs. Calvin Bartlett.

BURTONSVILLE

Eldon Greanya and David Tattersall attended the Fall Missionary Convention and District Conference at Calgary from the 8th to the 10th of November. Dr. Victor Macy, Missionary to Africa for 31 years, was in charge of the opening service. Missionary films followed his address which the boys reported as very interesting.

Visitors over the weekend to Buford and Amy Walker's were Amy's sister Carol and her husband Carl and two boys. Also Buford's sister Rita and her husband and two children.

Melvin Homme and his wife and baby daughter of Red Deer visited Melvin's parents on Saturday. Lewis Homme and his son Bob of Stony Plain also visited Lewis's parents Saturday.

United Church Anniversary November 29th

The Rev. S.R. Vincent, B.Sc., B. Ed., B.D., S.T.M., Principal of Alberta College will be with the local United Church on Sunday to help celebrate its 11th Anniversary. The Church was officially opened for public worship in October 1957 and over the last number of years in a variety of ways, it has proven its worth and effectiveness not only in our community, but far beyond. To give one example only, in our Sanctuary there is a framed receipt from Wonju Hospital in South Korea attesting to our concern for those less fortunate than we.

The Rev. Sid Vincent, before coming to Alberta College in 1963- the college where a number of Drayton Valley boys and girls are attending, - was Dean of men at Mount Royal College in Calgary. He is Albertan born, ordained in Manitoba but after ordination came back to his native province to serve the Church.

The public is cordially invited

EVANSBURG NEWS

Sorry about missing last week's news, but all our house was busy getting ready for the 4-H Field Crops Achievement Day as well as the annual 4-H banquet - so every minute of every day was all taken up. However . . .

I'm glad to report that Halloween damage was practically nil in the area. The little ones all had fun getting their treats and all were off the streets early. The Junior-Senior High School had a Halloween dance on the Friday after and a good time was reported. The Cub Pack held their meeting a day early so they could have a party as well as go out Halloweening the next day.

Congratulations to Mrs. E. Miller of Gainford on winning a bingo jackpot recently. Mrs. Miller is my husband's sister. The gymkhana club held its

regular meeting recently and though the riding is over for the season, they are planning several events for the winter.

A number of farmers from the area attended the FUA District 5 annual banquet and meeting in the Wildwood Hall. A delicious meal was served those attending and afterwards a guest speaker was heard. As an extra, a fertilizer company based at Calgary showed slides about their product. The evening was concluded with dancing.

The firemen of the village held their meeting last week. Rules were made as to whom could rent the firehall meeting room and what the charges for this would be.

Mr. John Ohynesty of the Holsprings area attended the 4-H leadership conference held in Edmonton. He attended on behalf of Mr. Hutchinson, Beef Club leader who was unable to go.

Volunteer workers turned out at the arena recently and built the fence around the skating area. Another group turned out and painted the fence so the building should be ready for use soon.

The two 4-H clubs held a joint meeting at the Myszuk home recently. This is the last meeting to be held in a private home as the membership has grown quite a lot and arrangements have been made to hold all future meetings at the school. A program planning committee was chosen and this committee subsequently met at the Hutchinson home to plan the year's program of activities.

The Agricultural Society held its regular meeting last Wednesday. Final plans were made for the awards night to take place on the 15th and it was also decided that unless something of real importance came up, no regular December meeting would be held. The next meeting would be the annual meeting to take place some time in January.

Mr. and Mrs. H. A. Hutchinson motored to Edmonton on the 13th to attend the banquet given in honor of the fourteen delegates from Alberta who are attending the 4-H National Conference in Toronto. Mr. Hutchinson is leader of the Lobstick Beef Club and one of the club members, Larry Rosadiuk, is one of the delegates going to the conference as a winner of a major award through his 4-H work. Mr. and Mrs. J. Rosadiuk, Larry's parents, were also present at the banquet. In all about 100 guests were present to honor these seven boys and seven girls.

Each delegate was presented with a pin and bar from the Youth Department as well as a gift from the grain companies. Four adults accompanied the delegates as chaperons and all travelled to Toronto by plane.

Saturday, November 16th was a big day for the F. Schroder family. Mr. and Mrs. Schroder and Judi motored to Edmonton to at-

tend the Fall Convocation of the University of Alberta held in the Jubilee Auditorium.

On this memorable occasion Mrs. Schroder received her Bachelor of Education degree and one of their sons, Ronald, received his Bachelor of Science degree.

Mr. and Mrs. Schroder live in the village of Evansburg where Mrs. Schroder is teaching Grade 5 at Evansburg Elementary School. This happens to be her twenty-fifth year of teaching; ten of these years spent teaching at the Gowenbrae school which used to be a little old rural one-room school.

Mr. and Mrs. Schroder have a family of three sons and a daughter. Their oldest son, Charlie, is married and has a family of three children. He holds a Bachelor of Science degree in Civil Engineering and at present is an instructor at NAIT.

Their second son, John, is married also and has a family of one. At the present time he is in his 4th year in the Civil Engineering faculty at the University.

Ronald, their youngest son, who just received his Bachelor of Science degree is now taking Education and next year will begin teaching.

Judi, their daughter and youngest of the family, attends Evansburg High School where she is taking her grade twelve this year.

Mrs. Schroder has obtained her degree by attending summer school sessions as well as evening credit classes held here in Evansburg and also teaching full time. Although she now has her degree, she has not given up studying, but is a member of the typing class held two evenings a week here.

Booklets Help To Cattlemen

Cattlemen who are striving to increase their enterprise earnings through improved production and marketing efficiency will find useful guidelines in the publications "Highlights for 1967 Alberta Cattle Feeding Enterprise Analysis" and "Highlights for 1967 Alberta Cow-Calf Enterprise Analysis".

Both bulletins contain tables summarizing returns and costs per unit of output and physical production efficiency. One table outlines returns and costs on low, medium and high cost operations, while the other summarizes the returns and costs per unit of production for enterprises of different sizes.

The two reports on which these summaries are based will be available later in the year.

They are available from district agriculturists and the publications office of the Alberta Department of Agriculture, Edmonton.

... a connoisseur of good film?

The ever-increasing use of audio-visual aids in Alberta's schools requires a continuous supply of motion picture films on a variety of educational subjects. To see that these films are provided in good condition is one of the duties of Jacob Strikwerda of the Audio-Visual Services Branch of the Alberta Department of Education. Motion picture films are just one of the types of teaching aids provided by the Branch. It also offers sound tape and filmstrips and is responsible for radio and television school broadcasts. In addition, new audio-visual techniques and devices are examined by Audio-Visual Services and their value to the classroom teacher assessed.

... an underwater-weeder operator?

Underwater weed cutters, invaluable in keeping weeds under control in Alberta's provincial park lakes, are manufactured by Earl Elliott at Wabamun Provincial Park. As an employee of the Parks Branch of the Alberta Department of Lands and Forests, Earl also operates the cutter to make swimming and boating in the lake more pleasant. It takes about 300 people, at the peak of the season, to keep Alberta's 44 provincial parks ready for the more than four million visitors they receive each year. Picnic and camping areas are kept clean and clear; beaches supervised; cut firewood stockpiled, and lawns and roads kept in good repair. Park area totals more than 127,000 acres and they offer a variety of activities from water skiing to inspecting the bones of the dinosaurs that occupied this land millions of years ago. There is no charge for entrance to any provincial park but a small fee may be charged for overnight camping.

have you ever met...

... a benevolent double-agent?

Howard Lét serves two causes simultaneously. As manager of the Metis Colony at Kikino, he represents the government to the residents of the colony and, conversely, the residents to the government. Howard, and the managers of the other seven colonies in the province, operate under the Metis Area Rehabilitation Branch of the Alberta Department of Welfare, to assist the Metis in all matters of agriculture, education, health and general welfare. They advise the leaders of their communities in devising programs for development of the colonies, such as new home building, livestock purchase, and breaking and allocation of new land. The managers act for the residents in presenting these programs to the provincial government and for the government in supervising the allocation of funds provided for the program. All efforts of the Branch are directed toward the goal of helping Alberta's Metis establish their place in today's society.

... a gardener who plants grass in asphalt?

Asphalt really does help Jack Martin produce a thicker and greener lawn, about 10,000 acres of it each year. Jack operates a hydro-seeder for the Construction Branch of the Alberta Department of Highways. This sprays roadside banks with a mixture of water, fertilizer, grass seed and asphalt. The asphalt forms a thin crust, holding the seed in place against erosion by either wind or water, retains moisture in the ground by preventing evaporation, and creates a hot-house atmosphere that speeds germination. The grass adds a practical and ornamental finishing touch to the work of the Construction Branch which last year built 329 miles of new grade in the provincial road network; laid 282 miles of base course and 305 miles of asphaltic plant mix to further extend Alberta's excellent system of roadways.

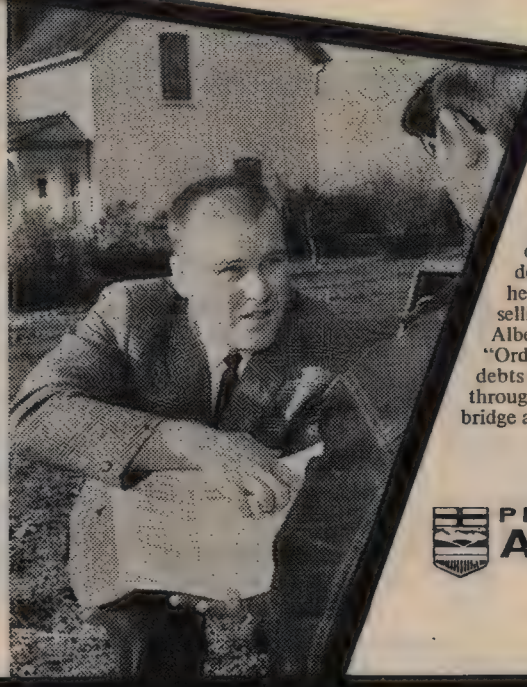

... a complete stranger, who'll help you pay your bills?

While he doesn't write cheques to creditors or provide cash for payment, Harry F. Atkinson, a debt counsellor in the office of the Debtors' Assistance Board, can be very helpful to anyone embroiled in a complicated debt situation. He assists in solving such problems by acting as intermediary between debtor and creditor, and by setting up a plan for settlement of debts. Any resident of Alberta who finds himself involved in indebtedness which he is unable to resolve on his own may turn to the Board for counselling and assistance. The Debtors' Assistance Board, a branch of the Alberta Attorney-General's Department, also administers the "Orderly Payment of Debts Provision" under which consolidation of debts is implemented by court order and regular payments made through the court. The Board has offices in Edmonton, Calgary, Lethbridge and Red Deer.

... the link between agriculture and automation?

As a Regional Economist, Bruce Hackett acts as advisor and interpreter for farmers who wish to take advantage of the Farm Business Analysis Program of Economics Division, Alberta Department of Agriculture. Available at a \$10 fee to any Alberta farmer who maintains management records with the Prairie Provinces Farm Accounts Book, the Program utilizes the Provincial government computer to indicate how the farm is performing and what changes or adjustments are required to make it more profitable. Regional Economists throughout the province assist farmers in translating data from records into a form which can be read by the computer, and in analyzing the results of the computer's report. Bruce Hackett and his counterparts make an important contribution to Alberta agriculture by helping the province's food producers to make the correct management decisions for more successful farming.

Oilwives Hold Supper Meeting

Our November meeting was held Monday, November 18th, with 68 members in attendance. A delicious Chinese supper was served by the Cardium staff.

Minutes of the last meeting were read, Treasurer's report and correspondence and cards read.

The Christmas show for the children has been postponed to December 7th with three shows, one at 10:30 a.m., 1:30 p.m., and 3:30 p.m.

Carol Gillis and Kay Meraw gave their respective reports of the convention which was held at Swift Current this year. They reported a wonderful time.

It was decided to have an exchange of Christmas gifts.

For our program we had a sewing instructress, Mrs. Stella Melnychuk, from the Northern Alberta Institute School of Technology. She was both very interesting and had many good ideas to offer.

Congratulations to our Treasurer, Mae Barker, on her new arrival.

The next executive meeting will be held at Irene Wilkes, December 3rd.

A wine tasting party and exchange of gifts is planned for December. Next regular meeting on December 9th.

Sundance Club Plans Program

The Sundance 4-H Beef Club held its first regular meeting of the year on November 7th with 12 members present.

Main business for the evening was a discussion of planning the program for the year, also some ideas for fund-raising and recreation were sought.

The club calves will be put on feed at a later date this year because of late harvesting.

After the business portion of the meeting, the president, Heather Ferrier, turned the meeting over to the leader, Mr. Ferrier, who explained to the new members the point system used in 4-H judging.

The meeting was adjourned and lunch was served. The next meeting will be held December 5th at Sundance Hall.

Breton United Church Setting for Ceremony

The Breton United Church was the scene of a lovely wedding on November 1st when Irene Bernice Heslop became the bride of Constable Roger Baker. The bride is the daughter of Mr. and Mrs. Donald A. Heslop of Breton and the groom is the youngest son of Mr. and Mrs. Sidney Baker of Pieceland, Saskatchewan.

Beautiful floral arrangements of red roses and white carnations and red satin bows marked the pews.

Rev. R. Hetherington performed the double ring ceremony and the wedding music was played by Miss Eileen Raczk and the soloist was Mrs. Sherwood of Winfield.

The bride entered the church on the arm of her father wearing a lovely floor length gown of nylon chiffon over taffeta and white satin shoes. The gown had a boat collar with sequins set in at the neck, full skirt, and long lily point sleeves. Her chapel veil was held in place by a tiara of pearls. She also carried a white satin Bible covered with two red roses and white streamers

and buds.

Attending the bride was the maid of honor Mrs. Patricia Knight and the bridesmaid was Miss Rosanna Baker sister of the groom. They were wearing identical cocktail length gowns of metallic brocade and white satin pumps, brilliant tiaras, gift of the bride to complete their ensemble and each carried a nosegay.

The groom was attended by Cpl. Larry Knight and Const. Stewart Featherly. Ushers were Mr. Ben Heslop and Raymond Movald Jr. friends of the family. Miss Marjorie Heslop and Miss Ruth Baker were in charge of the guest book.

Mother of the bride chose a two piece gold suit with brown accessories and a corsage of white roses.

Mother of the groom chose a wool dress of cherry red and black accessories and a corsage of white roses.

The bride's table was centered with a three tiered wedding cake which was decorated by the groom's mother.

Master of ceremonies was Cpl. Larry Knight and Rev. Hetherington gave the blessing, and Bruce McDougall of Edmonton gave the toast to the bride.

Out of town guests were Mr. and Mrs. Domer of Leiptezig, Saskatchewan, Ronald and Raymond Baker of Pieceland, Saskatchewan and others from Sherwood Park, Edmonton, Thorsby, Warburg, Calgary and Stettler.

For going away the bride chose a mauve suit of wool with white accessories and corsage of white roses.

The happy couple left for a short honeymoon to Jasper, Alberta. They will be taking up residence at Vegreville where the groom is stationed with the R.C.M.P. detachment.

Livestock Topics Broadcast Theme

Livestock topics will form the theme for the 1969 edition of This Business of Farming, an agricultural short course to be presented on television, Monday to Friday, January 6th to 10th.

For one hour each morning, the programs will take a close look at the latest ideas on swine, beef and dairy cattle production.

The opening program will deal with the essentials for meeting the growing competition for pork products and will include visual presentations on breeding, feeding, housing, health and management.

Produced in co-operation with the Ontario Department of Agriculture, another program will outline the changes that have taken place in basics over the last 30 years in the areas of dairy cattle breeding, feeding and management.

Produced in co-operation with the Saskatchewan Department of Agriculture, another in the series sets the scene on beef demand, and outlines the three major cost factors and how to cure them. There is also a review of the Federal-Provincial R.O.P. program with major western beef breeds well represented.
